## DAILY NEVADA STATE JOURNAL

C. C. POWNING, Editor and Proprietor.

The Republican members of the House Committee on Ways and Means have struck a snag in the sugar question. Messrs. Burrows, of Michigan, La Follette, of Wisconsin, and Grear, of Iowa, insist that raw sugar shall be admitted free of duty and a bounty of 2 cents paid on all domestic sugar produced. The other Republican members of the committee are understood to be opposed to any bounty whatever and to favor a reduction of the present duty on sugar to the extent of 30 per cent or more. The contention over the two propositions will likely result in a further delay upon the report of the bill for probably a couple of weeks.

Henry Waterman declares that the fight between Hill and Cleveland in New York will force the Democratic convention to select a leader outside of the Empire State. Calvin Coolidge's Ohio bar' assumes new importance in consequence.

The Senate Committee on Privileges and Elections has decided to recommend the seating of Powers and Saunders, the Republican Senators from Montana. Correct

Good for Miss Anderson.

If Miss Mary Anderson quietly marries the man of her choice, without publicity or idle notoriety, it will be a great disappointment to a certain class of journals that thrive on sensationalism. Nothing short of an elopement, with some suggestion of scandal, will satisfy this morbid desire for alleged news in the estimation of the journals in question. It is a tribute to the head and heart of at least one American queen of the stage that she deems it insolent interviewers the details of her private life.

Growing Stronger Daily.

The more the Montana Senatorial dispute is discussed, the stronger the Republican proposition is shown to be. The admission of the two Republicans to the Senate, which is now certain to take place, will be the mere formal recognition of a claim which the people of Montana never imagined would be or could be questioned. St. Louis Globe Democrat.

A Philosopher.

Life. Bertie Brilliant (driving home from the club after having taken rather more champagne than he ought)—"I say, how much pleasanter it is to ride in a cab and think how much pleasanter it is to ride in a cab than it is to walk, than it is to walk and think how much 'pleasant' it is to ride in a cab than it is to walk!"

Brains Will Tell.

Astonishment is manifested by some people at the discovery that neither Mr. Blaine nor Mr. Randall ever studied law. One began his career as a journalist, and the other in mercantile pursuits. This seems to demonstrate that this is the man and not the professor that makes the statesman.—Boston Herald.

A Southern Gentleman's Advice.

It is to be hoped that Mr. Taubee, if he recovers, will not feel it necessary to vindicate his courage by going gunning for Kincaid. A foolish quarrel culminated in a murderous deed and there it should end as far as the parties to it are concerned.—St. Louis Republic.

Geronimo the Reformed.

Geronimo, the awful Indian who has become a Sunday school teacher, should be permitted to deliver at the National Capital, before he goes back to Arizona, a lecture on the evils of firewater and the decadence of aboriginal scalping.—Louisville Courier-Journal.

The Only Way to Settle it.

It was a great statesmen who said that no question was ever settled that was not settled right, and this race issue can be settled in no other way than on the basis of justice and the equality of citizenship.—Philadelphia Telegraph.

A Pointer for Billy.

The Emperor William was 31 years old on Monday. We wish him many happy returns of the day. We hope he will grow in wisdom as well as in years for these are bad days for indecisive monarchs.—New York Tribune.

Penching and Practice.

The Bourbons of the House declare that "a minority cannot legislate." And in direct defiance of this view they have been attempting to legislate or to dictate legislation from the beginning of the session.—St. Louis Globe-Democrat.

Not Enough Water for Stock.

The lake that Jay Gould has purchased in the Katskill is only four miles long and two miles wide. It is too small for watering his railroad stock, and it is probably true that he has bought it for fishing and boating.—Chicago Herald.

Chicago's Magnanimity.

"Constant Reader" is informed by the Chicago Herald that New York is a greater commercial center than Chicago. Having secured the Fair, Chicago can now afford to make some concessions.—Kansas City Journal.

The Secret of the Deadlock.

## Wholesale Design Upon Wells, Fargo &amp; Company.

Special to the JOURNAL.

SAN FRANCISCO, March 8.—George W. Gregory and John R. Ewing were arrested this afternoon on a charge of robbing Wells, Fargo & Co. two months ago, and the men confessed they had engaged in a plot contemplating an extensive system of robbery. Gregory was formerly a messenger in the employ of Wells, Fargo & Co., but he resigned his position last December. Before doing so, however, he obtained a key which would unlock the treasure boxes of the company, and another key which would give him access to the express cars. He took Ewing into his confidence, and on January 5 last, they boarded the ferry boat at Oakland and, while Gregory kept watch, Ewing climbed into the express wagon, while the driver was standing at the horses heads, unlocked the treasure box and extracted a package containing \$212 which the men escaped with. While Gregory was in the employ of the company, he secured the combination of about forty safes in country offices of the company, and the men next attempted to rob the safes at Petaluma, Santa Rosa and Sacramento but were unsuccessful, owing to the combinations having been changed. They then engaged the services of another man, whose name is unknown, and formed a plan to "hold up" one of the express messengers on the overland train on its arrival at Oakland. Their courage failed them as they were about to execute this plan, and Gregory and Ewing next went to Lathrop to rob the express car there, and were planning to go to Fresno for the same purpose when they were arrested.

The Railroads Win Their Tax Cases.

Special to the JOURNAL.

SAN FRANCISCO, March 8.—The Supreme Court this morning decided the long pending contest over railroad taxes. The decision is in favor of the railroad company, the Court holding that the complaint is defective and the mode of collection of the taxes under the Constitution unconstitutional.

There were five suits, the defendants being the Central Pacific Co., Northern Railroad Co., San Pablo & Tuolumne Co., Southern Pacific Railroad Co., and the California Pacific Railroad Co.

The decision is rendered in the case of the first named. It was written by Justice Ford and is concurred in by Justices McFarland, Patterson, Sharpstein and Works, while Justice Thornton and Chief Justice Beatty dissented, the latter writing a short opinion in support of his views. The points involved concern the right of the State and counties to collect taxes under the provisions of the new Constitution.

Renegade Apaches Captured.

Special to the JOURNAL.

GLOBE, Arizona, March 8.—The five renegade Apaches who murdered Geo. Herbert, a freighter, a week ago, were overtaken yesterday on Salt river 30 miles north of Globe by a detachment of troops under the command of Lieutenant James M. Watson, of Tenth Cavalry, and Lieutenant Clarke. The troopers had a sharp fight with the Indians, resulting in the killing of two of the renegades and capture of the other three, one of whom was wounded. The troops had traveled over 300 miles of the roughest country in the Territory and in the skirmish with the Indians escaped without a scratch. The killed were buried where they fell and the prisoners were brought here to-day. They will be taken to San Carlos to-morrow, and later will be turned over to the authorities of Graham Co. for trial.

The Railroad Wins.

Special to the JOURNAL.

NEW YORK, March 8.—Judge Wallace, in the Circuit Court to-day, gave a decision for the Denver & Rio Grand Railway Company in its suit against the United States Trust Company. The action was brought to compel the Trust Company to countersign and deliver certain mortgage bonds to the railroad company for the purpose of building certain branches of road. Defendant contended that it was not authorized under the terms of its trust, to do so, unless the branches were more than ten miles in length, and then only for the part included in ten mile sections.

Work for the Poor.

Special to the JOURNAL.

SAN FRANCISCO, March 8.—At a meeting of the executive committee for the relief of the unemployed to-day, subscriptions to the amount of about \$4,000 were announced. Park Commissioner Stone stated that the Commissioners had instructed the Park Superintendent to give work only to men with families, giving each man twenty days' employment. There are now 125 men working and they will be kept busy some time.

Spotted Fever.

Special to the JOURNAL.

NASHVILLE, March 8.—There is great excitement in the vicinity of Fountain Head, Sumner county, in the State, over the appearance of spotted fever or malignant meningitis. There have been several deaths and there are several new cases.

## A Baby Farm.

Special to the JOURNAL.

CHICAGO, March 8.—What is popularly known as a baby farm, and which consists of three white and two colored children, under the supervision of two young colored women, was discovered yesterday on West Madison street and broken up by the authorities. The place had been running for some time, the room having been leased by Annie Campbell, aged twenty-seven, and Florence Tucker, aged nineteen. It was the constant crying of so many infants that aroused the suspicion of the neighbors. They notified the Humane society, which immediately had the two girls arrested. The place was in the most filthy condition and instead of caring for the babies in a proper manner it was evident they had cruelly neglected them. The women were brought before Justice White this morning charged with cruelty to children. Officer Williams, of the Humane society, was the complainant. From the evidence submitted it seems that the infants were badly neglected and left in a starving condition. The two girls were held in bail. Most of the infants were illegitimate offspring which had been born in secret and farmed out to conceal the shame of the young mother.

Dillon Likes the Plan.

Special to the JOURNAL.

NEW YORK, March 8.—Sidney Dillon stated to day that he regarded favorably Windom's proposal to substitute for the U. S. 4 per cent bonds amounting to \$4,000,000 which now form part of the sinking fund of the Union Pacific railroad, an equal amount of the first mortgage bonds of that railroad bearing six per cent interest. The sale of the road's bonds, Dillon said, would be an advantage, while the interest although coming out of the road's earnings, would be applied towards the extinction of the road's liability to the Government. "What the Government ought to do, however," said Dillon in conclusion, "is to take the bonds of our branch roads in exchange for its own bonds."

The Usual Man for Breakfast.

Special to the JOURNAL.

SACRAMENTO, March 8.—Charles Freeman, the murderer of Mark Feeny, appeared in court this morning, and his examination was set for next Wednesday. Al Aleyton, a brother-in-law of Freeman, has stated that the latter told him that he (Freeman) and Wilkes had conspired to murder Feeny; in fact, when the Sheriff arrested Freeman, the latter pointed to Wilkes and said: "Arrest him too; he is as guilty as I am." Freeman has just served a short sentence of imprisonment for brutal conduct.

A Baby Case.

Special to the JOURNAL.

GRASS VALLEY, Cal., March 8.—Mrs. Dr. Burkett, mentioned in a dispatch from Kansas City as arrested for leaving a dead baby on the seat of a railroad car at Wichita, left Grass Valley on the first or second of this month with her son, Otto, for Kingman, Kansas, after a visit here to her brother, G. W. Stevens. She took no baby from here, but her intention while here was to get a baby from some foundling home in San Francisco to adopt and raise.

Snow Slides Still Continue.

Special to the JOURNAL.

NEVADA, Cal., March 8.—The railroad slide at "Town Talk" is increasing in proportion and is likely to keep the track closed there for several days. Another slide this afternoon, a quarter of a mile south of the first one, buried the track there. The slide crossed the wagon road and a small ravine, filling both, and traveled 150 feet before it reached the railroad.

A Corporation to Be Dissolved.

Special to the JOURNAL.

PHILADELPHIA, Pa., March 8.—Charles R. Michale to-day made application to the Court of Common Pleas, in the matter of the Mother Company, of America, for a dissolution of the discounts and to show the corporation was possessed of books and papers used by it, which are of no value and that the corporation has no outstanding obligations of any kind.

Mining Suit.

Special to the JOURNAL.

NEVADA CITY, Cal., March 8.—The Idaho Mining Company this afternoon began suit against the Maryland Company, owning the adjoining mine, in Grass Valley district, to establish the boundary line. The Idaho mine is working toward the Maryland and recently there arose a controversy as to the Idaho end lines. The property involved is of great value.

An Electric Strike.

Special to the JOURNAL.

OMAHA, March 8.—The linemen of this city, about 125 in number, decided last night to quit work, until their employers agreed to an increase of wages. This action was taken by the Union Order Linemen, which includes linemen employed by the Electric Company, Western Union, Union Pacific and the Telephone Company.

A Heavy Sentence.

Special to the JOURNAL.

LEBANON, O., March 7.—Al Graham, former Auditor of Warren county, pleaded guilty to an indictment charging him with embezzling funds of the county to the amount of \$63,311. The Court sentenced him to the penitentiary for eighteen years, and a fine of \$126,422.

The Poor for Gout.

Chicago Tribune: "May I inquire your occupation?" asked the doctor.

"I am a clerk on a salary of \$47 per month."

"Your ailment, sir," said the doctor with decision, "is not gout. It is simply an aggravated case of ingrowing toe nail."

## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

### THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

**Before Buying Elsewhere Parties will do Well to Look at These Lots.**

### RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.
